EXERCISE for the MANAGEMENT of CANCER WORKSHOP
Increase your knowledge and skills in working with cancer patients.

The workshop will involve discussion of exercise prescription guidelines & their application in everyday practice by internationally leading researcher Professor Kathryn Schmitz (USA). A series of complex cases will be discussed by AEPs working in oncology departments throughout Australia including Morgan Atkinson, Rebecca Cesnik, Dale Ischia, Michael Marthick, Andrew Murnane, Jane Turner, Carolina Sandler & Rosa Spence. The presenters will participate in an interactive discussion panel chaired by Associate Professor Prue Cormie to consider various approaches to exercise prescription for people with cancer. The workshop will include networking opportunities with leading professionals in the field while enjoying canapés & refreshments on ACU’s rooftop terrace in Fitzroy.
